The mission of the PIIAI Young Agents Program is to nurture the careers of young, independent insurance agents by promoting and representing their common business interests, affording opportunities for fellowship and networking, and showing value in association involvement. These goals are accomplished through an active Young Agents Committee that develops programs and activities specifically addressing the needs and concerns of young agents throughout Illinois.

Realizing that young agents often do not have the financial resources necessary to attend association functions, PIIAI attempts to keep registration fees very minimal through sponsorships while still showing value in the program. Sponsorship opportunities are available in the following categories and help defer the cost of PIIAI Young Agent Committee activities. All sponsors will be recognized in the *Young Agents Advocate* newsletter, *Insurance Insight* magazine, and on the young agents page of the PIIAI website at [www.pii.ai.org/youngagents](http://www.pii.ai.org/youngagents).
